Notes: In October 2015, Powerball expanded the white ball pool from 1-59 to 1-69. Numbers 60-69 have had significantly fewer draw opportunities, explaining their lower frequency in the heatmap.

In August 2021 Powerball added a third weekly draw (Monday), increasing draw frequency by 50%. This explains the spike in number appearances from 2022 onward.

Powerball draws are recorded in ascending order, so Position 1 always contains the lowest number drawn and Position 5 always contains the highest
